

Right Grout. Right Color. For Any Job.

CUSTOM[®]

TILE INSTALLATION SYSTEMS

GROUT SOLUTIONS

prism **SCG** prism  **POLYBLEND**
PLUS **CEG**[™]

Custom Building Products proudly offers an impressive core palette of 40 colors in all of its grout product lines. As North America's leader in flooring preparation and tile and stone installation systems, count on CUSTOM for high performance systems and warranties for your upcoming project.

Sample colors shown approximate as nearly as possible the color of the grout. Final installed shade may vary with the tile type and porosity, job site conditions and finishing techniques.

Use a qualifying system of eligible surface prep and tile setting products from CUSTOM and we'll warrant the entire tile installation for life, including materials, tile and labor to repair in the event of a defect. See custombuildingproducts.com for more details.

For the right grout – In the right color – Count on CUSTOM

prism[®] **SCG**

EASIEST Grout to Install...**PERIOD!**

- Unsurpassed stain resistance
- Perfect color consistency
